

# Dude You're Being That Guy

Scarlett O'Hara

Chase me, chase me  
I'll break into your name, into your name  
Chase me, chase me  
I'll break into your name, with another drink

Pour it all down  
The bottles looking so empty

Is this what you had planned?  
Is this what you had planned?

Fall, fall on my footsteps  
Follow me

You'll be following when the beauty fades

Beauty fades with all the games you play  
Judging by the fact that I must be crazy  
To believe change would come so easily

Beauty fades with all the games you play  
Judging by the fact that I must be crazy  
To believe change would come so easily

I'll carve the fear on your face  
For everyone to see  
Your escape is breaking in  
You'll see it's me breaking free

I'll break into your name  
How does it taste,  
I'll break into your name  
My name in your place  
My words in your way

I'll break, I'll break into your name  
How does it taste

Beauty fades with all the games you play  
Judging by the fact that I must be crazy  
To believe change would come so easily

Beauty fades with all the games you play  
Judging by the fact that I must be crazy  
To believe change would come so easily

I'd like to say something before I head back home  
You'll be wanting me when you feel so all alone  
I'd like to say something before I head back home  
You'll be wanting me, you'll be wanting me

Locked with my eyes  
Keep in place you'll be slower  
Than I could ever fall behind  
This symphony is so far from over
