Like A Killer

Like my father Dodging army coat He never thought that I'd sink or float I'd be dismissed By fear or fist Which made me angry Like a classmate My name on his desk I liked him better Carved his on my chest He said I'm wrong Now move along Rejected - angry Oh, oh, oh, oh, oh Nothing like love, sex Everything, it's all or nothing Oh, I would kill anyone for you Like a liar Oh what have you done? No happy ending Kitten with the gun Fought tooth and nail To no avail Frustrated - angry Like a sister, Never good enough, So I was weird Over fed and deaf With wounded words It sounds absurd That left me angry Oh, oh, oh, oh, oh Nothing like love sex Everything, its all or nothing Oh, I would kill anyone for you. Love drug, I'm not in love, It's all, all, all sex, apathy, Oh, I would kill anyone for you. You're like a killer In the dead of night You rip me open And I will not fight For on this day I will just lay Quiet, not angry Quiet, not angry.

Scarling.
