

## Assimilate

### Scars on Broadway

Oil remove shred and tear  
Radiation vapor air  
It's the fear so unclear  
Man in motion going nowhere  
In our homes stuck in the face  
Spread the word to the populace  
Yellow journal yellow journal  
Set the pace feel the rage  
Manifestations of a sort  
So insidious off the point  
Simple solution never confusion  
Sport a gun kill a cop  
Crazy world of weary thought  
So receive me had enough  
Lock me up lock me up

Rot and Assimilate  
Too hot to annihilate  
Rot and Assimilate  
Too hot to annihilate

Deviation tonic mess  
Prolonged existence innocence  
Is he who speaks isn't weak  
Wheelchair virtue so to speak  
Bubonic plague the truth of aids  
Immunity avoid decay  
In the trench of pestilence  
The bible screams announce your faith  
Mutterings of death to bring  
Suffocate a newborn thing  
Degradation of an age  
Venereal it's all sensation  
Protect design the moral plan  
Infallible as propaganda  
Completely black  
With no steps back

Hot to assimilate  
Too hot to annihilate  
Rot and Assimilate  
Too hot to annihilate

Agony  
Inner thinking of the brain  
Clanking chains  
Groans of pain  
Agony  
Inner thinking of the brain  
Clanking chains  
Groans of pain

Rot and assimilate  
Too hot to annihilate  
Rot and assimilate  
Too hot to annihilate
