

# Insane

## Scars on Broadway

So many ways to hide  
I see the trouble deep inside

Let's go insane again  
Bring back the pain again  
Let's go insane again  
Bring back the pain again

Run, run baby run  
You'll see the things to overcome

Let's go insane again  
Bring back the pain again  
Let's go insane again  
Bring back the pain again

Dream, dream your broken dream  
You'll see the things I never see

Let's go insane again  
Bring back the pain again  
Let's go insane again  
Bring back the pain again

Let's go insane again  
Bring back the pain again  
Let's go insane again  
Bring back the pain again
