## **Drowning You in Fear**

**Scary Kids Scaring Kids** 

Stand up You know you have the right to Speak out For the things that you believe If you let them They will stab you in the back over again Take your integrity How long will you let this go on? They're drowning you in fear Speak up Your voice just isn't breaking through It's time now It's gone on way too long If you let them They will tear you into little pieces I think there's something wrong How long will you let this go on? They're drowning you in fear You're letting your hopes go straight to hell and I know the end is near The time will come The time will come The time will come You will be sorry for what you've done The time will come How long will you let this go on? They're drowning you in fear You're letting your hopes go straight to hell And I know the end is near, is near You say you're sorry for what it's worth
