

# I'm Free

Scatman John

You've got to be free - yeah  
You've got to be free - yeah

Yeah...

[Scatting by Scatman John]

I ate a hamburger in Hamburg and a hot-dog in Berlin  
And when I didn't eat at all, my bones got very thin  
Ate sushi in a sushi bar in Tokyo, Japan  
I've dined in all my travellings to many different lands

I've drank in English pubs and I have eaten French cuisine  
I even ate escargots, man, and that was quite a scene...  
I've eaten many kinds of foods in many different dives  
And girl, the way you walk I'd like to eat you alive...

What can you do?  
What can you say?  
How do you feel when you're lonely?

Maybe in time  
You'll certainly find  
You've been living blind

You've got to be free - yeah  
You've got to be free - yeah  
Whoaaa - yeah-yeah

I always lose my memory but I never lose my way  
And half the time I'm blind but I can see the light of day  
I never look too far ahead for what's already there  
Maybe all I need to set me free is tell you that I care

I used to wander in the night to see what I could find  
But by the time the sunrise came, the night had made me blind  
It wasn't 'till I'd hit the top that I had hit my bottom  
You cannot set your heartaches free 'till first of all you've got 'em

[Scatting by Scatman John]

Yeah

O-o-ooh, yea-yea-yeah

You've got to be free - whoaaaaa - yeah yeah (what do you say?)
