

# Scatman's Dance

Scatman John

Everybody do the Scatman's dance  
(Dee at da dee dah)  
Get the rhythm feel it in your hands  
(Dee at da dee dah)

Hey everybody get together let's move  
To a different kinda rhythm and a brand new groove  
Step in the light, all we got is tonight  
There's a shadow on the dance floor waiting for you

Move it up, move it down to the ground  
Move it in, move it out to the Scatdance sound  
Dance for your mama, dance for your wife  
When you dance you express the beauty in your life

I read in the paper, there's a cure for the blues,  
It happens when you dance and you take off your shoes.  
Scat right here - I'll really make it clear  
(Scatting)...My dear
