

The Chickadee Song

Scatman John

Chickadee moves, my baby's got the moves
she's wiggling and jiggling up and down
oh i feel alright

Chickadee jigs like the flames on the fire
she's a Chickadee child just look at that smile
she feels so fine

Chickadee move your body up and down
get the rythem in your feet and turn the beat around
just feel alright

Chickadee dance the samba all night
now you'll never gonna get enough
'til you see the morning light
