

Dancing with loneliness

Schiller

I'm dancing with my loneliness again ...
I'm dancing with my loneliness again
slowly to the music from within.
I'm dancing with my loneliness again
feeling it can be only friend.

and I won't let myself go it's too near-
too near to hear, near to hear to hear

I'm dancing with my loneliness inside
knowing there's no place where I can hide
dancing with my loneliness inside
there's no other place for me to hide

and I won't let myself go out and cry
i wonder why, I wonder why
I'm dancing romancing
