

# Take Me Anywhere

School Of Fish

Scenes move by days dragging on  
I'm only killing time  
Boundaries, fences and endless instructions  
That is nothing to what is mine  
You remember you were there  
Do you know  
Do you care  
Is it just a memory  
I can't stop what I can't see  
Take me anywhere  
Take me anywhere  
Takes too long to see a change  
It's different than before  
So take me in or leave me cold, I'm not waiting any longer  
And I got a hit though it's something like more than you get th  
at I want it to  
That I can't delinquish my heart has escaped to what it has beg  
un  
But I can't stop what I can't see  
Take me anywhere  
And I can't stay where I can't sleep  
Take me anywhere  
Oh take me anywhere  
Take me anywhere  
I can't stop
