

## Wrong

School Of Fish

You never take her seriously  
You're sure that it will pass  
As long as it is in your hands  
You just won't let it last  
And you don't know whose side you're on

Know what it means to talk that way  
You watch the cars collide  
And all the colors that you paint  
Are meaningless tonight  
But you hold her in your arms

'Cause you feel good 'til you feel wrong  
Yeah, you feel good until you feel wr-wrong

You blame it on the billboard  
That is towering your house  
And watches you at 5 a.m.  
And knows what you're about  
So you wait until she's gone

'Cause you feel good 'til you feel wrong  
Yeah you feel good until you feel wr-wrong, wrong

You say it's all about control  
And nothing should control you  
If no one ever gets to close  
Then you'll have nothing to live up to  
And you're waiting to drop the bomb

'Cause you feel good 'til you feel wrong  
Yeah, you feel good until you feel wrong  
Wrong, wrong, wrong, wrong  
You feel wrong, you feel wrong  
You feel wrong, you feel wrong  
If you gotta yeah, yeah, yeah  
Oh, yeah, yeah, yeah
