

## Scavenger

### School of Seven Bells

I gave you the time  
You didn't say  
You didn't want to  
You make the day slide into a drain  
Until you lost it

You're like a drug  
To make you feel loved  
To make you feel wanted  
To make you feel fire  
To make you feel light  
I made you feel something  
Cause you could feel nothing

I know what you are  
You're a fake  
You're a scavenger  
Too scared to take part  
You only take  
Cause you're a coward  
On your road you have no one  
On your own you're not enough

You're like a drug  
To make you feel loved  
To make you feel wanted  
To make you feel fire  
To make you feel light  
I made you feel something  
Cause you could feel nothing
