

Show Me Love

School of Seven Bells

How can't you see?
When you've got the rain in your eyes that keeps you looking do
wn
Or rather say with a different name
Doesn't have to be your story now

Hey, you'll never find love with them
When you only see the cloud in him
And he only takes for good what he can break
I'll never take from you babe

You close a door on the reaching ...
Never pull it out
And you wonder why
You put your clothes
And you walk on by
Cause your heart is mine
And you close your eyes

Hey, you'll never find love with them
When you only see the cloud in him
And he only takes for good what he can break
I'll never take from you
Hey, you'll never find love with them
When you only see the cloud in him
And he only takes for good what he can break
I'll never take from you babe
