

Razorblade Kisses

Schoolyard Heroes

Your lipstick tastes like murder
Our hands are sewn together
We'll come to one another

(Destroy me)
Destroy me to your liking
Dearest creature never let me go

Razorblade kisses leave you bleeding baby
Razorblade kisses leave you screaming baby

You are my nightmare
You're so gorgeous
Our reflections falling apart

(Destroy me)
And now your lover's (hearts?) will pay me with their lives tonight
Tonight

Razorblade kisses leave you bleeding baby
Razorblade kisses leave you screaming baby

Your lipstick tastes like murder
My eyes are glazed in horror
Enjoy your nightmare
The screaming you are mine
Some curses make things worse
This curse shall blank your mind
One thing's for certain
I'll be waltzing on your grave,
But still your kiss just leaves me screaming baby

Razorblade kisses leave you bleeding baby
Razorblade kisses leave you screaming baby
