

## The Klaw

## Schoolyard Heroes

Take your time on this hurried task  
Whatever method seems too fast  
It seems so hard, just to qualify  
As all my problems just multiply

You open up  
And I pretend to give a fuck  
You open up  
And I pretend to give a fuck

My pretty face just can't be yours  
Sometimes I smile, they are so young  
Just one of many, slim to none  
Sometimes I smile, they are so young

Doesn't matter what I say  
(I don't care just what you say)  
A pity you will never change  
(As long I get what I want in the end)  
(2x)

One last request  
Before you go promise me it  
One last request  
Before you go promise me it
