

Afterglow

Schuyler Fisk

You get up and go and I miss you
The minute you walk out of my door

Never know when it's gonna hit you
Just when you think you're heart's still on the floor

And I'm almost scared to ask so
I'll just pretend like you feel like this

At least for now
I think it's what we need
Don't think about it baby
Just come with Me

Yeah eh eh aye
eh eh aye
eh eh aye
Just come with me

Yeah eh eh aye
eh eh aye
eh eh aye
Come with me

Cause it feels so good

I wake up see you're smiling face
You're happy this morning cause it's raining
Not ashamed stay in bed all day
And I feel good cause you make me [?] baby

Let's complicate some things and [?] baby
Oh come with me

Yeah eh eh aye
eh eh aye
eh eh aye
Just come with me

Yeah eh eh aye
eh eh aye
eh eh aye
Come with Me

You keep me wanting more I like it
One foot in one out of the door
I want it

Could you keep me a little longer
Show me what you know
Fall asleep arms around me in the afterglow...

Yeah eh eh aye
eh eh aye
eh eh aye
Just come with me

Yeah eh eh aye
eh eh aye
eh eh aye
Come with Me

Could you keep me a little longer
Little Longer
Come with me
One foot in one out of the door
Come with me
I want it

Yeah eh eh aye
eh eh aye
eh eh aye
Just come with me

Cause it feels soooo goood.
