

## Like A Fool

Schuyler Fisk

Well heaven knows that I've been bad  
so many things that I regret  
now an empty side of the bed  
it's what I get  
that's what I get  
well I know I should walk away  
but it's hard to do 'n' easy to say  
nothing to blame on good intentions  
intentions

I'm out of my head  
like a fool - I know it  
my eyes seein' red every time you go out  
and this is the best that my heart can offer  
I'm out of my head  
like a fool

Like a ghost I follow you  
in every room you walk into  
but you never see me  
do you?  
Cause you don't want to  
you don't want to

I'm out of my head  
like a fool - I know it  
my eyes seein' red every time you go out  
and this is the best that my heart can offer  
I'm out of my head  
like a fool

remember a day when our love wasn't fadin'?  
You're so far away can you see them breakin' me?  
what I say? What I say?  
I'm sorry now

Ba ba ba ba ba  
ba ba ba ba ba  
ba ba ba ba ba  
ba ba ba ba ba

I'm out of my head  
like a fool - I know it  
my eyes seein' red every time you go out  
and this is the best that my heart can offer  
I'm out of my head  
like a fool

I'm out of my head  
like a fool - I know it  
my eyes seein' red every time you go out  
and this is the best that my heart can offer  
I'm out of my head  
like a fool

I'm out of my head  
like a fool...
