

# The Good Stuff

Schuyler Fisk

You say you're giving in  
Cash in your chips and call it a day  
But is it sinking in?  
You don't know what you're missing  
I swear it felt like fall in California  
Just another rain to go to sleep to  
Things are always better in the morning

'Cause there's still enough of the good stuff  
To go around  
Yeah, there's still enough of the good stuff  
To go around

It doesn't take a lot  
Your life can change in a moment  
So roll your windows down  
Take it in while you got it  
I swear I saw some flowers by the freeway  
Reminded me of Spring at Blueridge Parkway  
Things are always better when you're laughing

'Cause there's still enough of the good stuff  
To go around  
Yeah, there's still enough of the good stuff  
To go around

Can you see?  
It's in the air you breathe

It's in the bed you sleep  
It's in the lives that bleed  
Into the words you sing  
It's in the air you breathe  
It's in the bed you sleep  
It's in the little things

I swear it felt like fall in California  
Just a little rain to go to sleep to

'Cause there's still enough of the good stuff  
To go around  
Yeah, there's still enough of the good stuff  
To go around  
Oh, there's still enough of the good stuff  
To go around  
There's still enough of the good stuff  
To go around
