

Beyond the Invisible

Scooter

Close your eyes, just feel and realise
It is real and not a dream
I'm in you and you're in me

It is time to break the chains of life
If you follow you will see
What's beyond reality

One, two, three, four, five, let's ride
All the crew walk side by side
Kick another bar, so alive
Lyrical twist with a lemon and lime
Coming on the mic, provide the vibe
Coming on the mic, provide the vibe
It's not where you take things from
It's where you take them to

Close your eyes, just feel and realise
It is real and not a dream
I'm in you and you're in me

It is time to break the chains of life
If you follow you will see
What's beyond reality

Bust a vibe, shake the sound
Kick with a twist, jump up and down
Rock the bassline got the tune
Beaumarchais in the afternoon
Coming on the mic, provide the vibe
Coming on the mic, provide the vibe
It's not where you take things from
It's where you take them to

Close your eyes, just feel and realise
It is real and not a dream
I'm in you and you're in me

It is time to break the chains of life
If you follow you will see
What's beyond reality
