

Burn

Scooter

I like the flame to set me free
Just let it burn, what's left of me
I'm holding on
But I can't breathe no more
No I can't breathe no more

Burn baby, burn baby, burn baby burn
Burn baby, burn baby, burn, let me burn
Burn baby, burn baby, burn baby burn
Burn baby, burn baby, burn, burn to the ground

What is a night without a rave?
And what is Sheffield without Dave?
What is a tune without MC?
And what is the H without P?
What is a snare without kicks?
And what is dinner without chicks?
What is drink without a shot?
And what is what and what is what?
Ice crashing down like pouring rain
Knowing my heart, I feel no pain
I'm alive in the fire
So burn me to the ground, just burn me to the ground

Burn baby, burn baby, burn baby burn
Burn baby, burn baby, burn, let me burn
Burn baby, burn baby, burn baby burn
Burn baby, burn baby, burn, burn to the ground

What is a road without a car?
And what is a TV without a star?
What is a club without VIP?
And what is a party without me?
What is a sentence with no word?
And what is Mike without black shirt?
What is Phil without some pot?
And what is what and what is what?

Burn baby, burn baby, burn baby burn
Burn baby, burn baby, burn, let me burn
Burn baby, burn baby, burn baby burn
Burn baby, burn baby, burn, burn to the ground

Burn baby, burn baby, burn baby burn
Burn baby, burn baby, burn, let me burn
Burn baby, burn baby, burn baby burn
Burn baby, burn baby, burn, burn to the ground
