

David Doesn't Eat

Scooter

Got you all ready now
Prepare for the ride
Dropping on the bass now
And do it all night

Gotta get down, gotta get a move on
You gotta get down, gonna turn you on
You gotta get down, gonna feel the heat
Keep em high - David doesn't eat!

I'm walking the path, I step in the dark
I'm walking the path, I trip in the dark
I'm getting away, escaping today

There's everybody in the place,
Tell this much is true
A change to unlock now
Let the electrics rule

Gotta get down, gotta get a move on
You gotta get down, gonna come along
You gotta get down, gonna feel the beat
Hands up high - David doesn't eat!

I'm walking the path, I step in the dark
I'm walking the path, I trip in the dark
I'm getting away, escaping today

Gotta get down, gotta get a move on
You gotta get down, gonna come along
You gotta get down, gonna feel the beat
Hands up high - David doesn't eat!

I'm walking the path, I step in the dark
I'm walking the path, I trip in the dark
I'm getting away, escaping today

I'm walking the path, I step in the dark
I'm walking the path, I trip in the dark
I'm getting away, escaping today
