

## David Doesn't Eat

Scooter

Got you all ready now  
Prepare for the ride  
Dropping on the bass now  
And do it all night

Gotta get down, gotta get a move on  
You gotta get down, gonna turn you on  
You gotta get down, gonna feel the heat  
Keep em high - David doesn't eat!

I'm walking the path, I step in the dark  
I'm walking the path, I trip in the dark  
I'm getting away, escaping today

There's everybody in the place,  
Tell this much is true  
A change to unlock now  
Let the electrics rule

Gotta get down, gotta get a move on  
You gotta get down, gonna come along  
You gotta get down, gonna feel the beat  
Hands up high - David doesn't eat!

I'm walking the path, I step in the dark  
I'm walking the path, I trip in the dark  
I'm getting away, escaping today

Gotta get down, gotta get a move on  
You gotta get down, gonna come along  
You gotta get down, gonna feel the beat  
Hands up high - David doesn't eat!

I'm walking the path, I step in the dark  
I'm walking the path, I trip in the dark  
I'm getting away, escaping today

I'm walking the path, I step in the dark  
I'm walking the path, I trip in the dark  
I'm getting away, escaping today
