

Expecting More from Ratty

Scooter

I can't change
I just wanna do it
On the microphone just get into it
Come on tonight from left to right
Everybody now get ready for the night

Tough like steel and dangerous
We gonna rock the house, it's still like this
No time to chill so keep on moving
Get into the place, MC is grooving
Tough like steel and dangerous
We gonna rock the house, it's still like this
No time to chill so keep on moving
Get into the place, MC is grooving

Expecting more from ratty
Expecting more from ratty
Expecting more from ratty
Expecting more...
(Expecting more from ratty)
(Expecting more from ratty)
(Expecting more from ratty)
(Expecting more from ratty)
(Expecting more from ratty)

As a matter of fact
In '92 I can't explain
It's up to you
If you know what I mean it's the freaky scene
And things have changed a lot in between

So come on tonight and let them go
For those about who left the show
I recommend to join the case
The last call to rock the place
Come on tonight and let them go
For those about who left the show
I recommend to join the case
The last call to rock the place

Expecting more from ratty
Expecting more from ratty
Expecting more from ratty
Expecting more from ratty
Expecting more...
(Expecting more from ratty)
(Expecting more from ratty)
(Expecting more from ratty)
(Expecting more from ratty)
(Expecting more from ratty)
