

I'm a Raver, Baby

Scooter

Look, haters wanna see me fall
Bass ready, race red, run me over like a race track
Your words are empty like your pockets or profit
When I say hey hey (hey hey) hey hang the DJ
This is the sound, we gonna rock the show
We gonna rock the house, we gonna rock the fuckin venue
This is the sounds of party cool, get your strafe on
Put your hands up, good, and see what's on the menu
Menu, menu, menu

Wa La la la la
I'm a raver, baby
So why don't you kill me

Wa La la la la
I'm a raver, baby
So why don't you kill me

Wa La la la la
I'm a raver, baby
So why don't you kill me
Wa

We got full pull than Mustang
You don't play, you must hang
Emotions are cold, blizzard magic man wizard
Heat it and beat it
When I say hey hey (hey hey) hey hang the DJ

This is the sound, we gonna rock the show
We gonna rock the house, we gonna rock the fuckin venue
This is the sounds of party cool, get your strafe on
Put your hands up and a big shout to the roof crew

Wa La la la la
I'm a raver, baby
So why don't you kill me?
