

# J'adore Hardcore

Scooter

I like the way it's hard, I love the way it's loud

No one understands what the fuck I am about  
Just step into the place, and hear what I say  
I spit with the lyric, no time for delay

Slam rock with the jungle man to man, with the jam  
You know who I am  
When me come me coming rough, you know I'm above  
Be there!  
I drop it medium rare, yeah!

J'adore hardcore

Doin' it together!  
Come on!  
Sing it!  
Yeah!

For sure I got my plan, don't really give a damn!  
On my own mission, I fight like a man  
Doin' it for myself, not for the industry!  
Check 'pon the rhythm, and to the M.I.C.

Slam rock with the jungle hand to hand, hummin' a bum  
'Cause I got the jam  
When me come me coming rough, I got the stuff  
Be there!  
Let's shuffle in the air, yeah!

J'adore hardcore

Right!  
Yeah!

Raise your hands up to the roof  
Raise your hands up in the air

And again!

Yeah!

Posse! Respect to ya! Good night!
