

Mary Got No Lamb

Scooter

The light shine down the valley
The wind blows up the alley
Oh and how I wish I was
Lying in the arms of Mary

She took the pains of boyhood
And turned them into feel good
Oh and how I wish I was
Lying in the arms of Mary

The cherries are not important
Let's blow a hole in the bowl
Yes

New bitch in town called Mary
She's so hot but so damn scary
Such a lady makin' me mad
While she's giving head
Take a ride, you got the choice
Jaguar, Rover, Bentley, Royce
Play the player, play the game
MC Ace, you know my name

The light shine down the valley
The wind blows up the alley
Oh and how I wish I was
Lying in the arms of Mary
She took the pains of boyhood
And turned them into feel good
Oh and how I wish I was
Lying in the arms of Mary

Don't throw away the banana boxes
Shouting is for the family
Yeah!

I'm swagalicious, well equipped
You're home alone and pussy-whipped
My girl's so hot ass like a cherry
Her name is fuckin' Mary
Got no lamb but that's OK
I'm into chicken anyway
Play the player, play the game
MC Ace, you know my name

The light shine down the valley
The wind blows up the alley
Oh and how I wish I was
Lying in the arms of Mary
