

Radiate

Scooter

Is it real or just a dream
You're a lady and I'm a machine

Standing in a crowd of a thousand faces
People think I'm weird
But I'm holding aces
So don't look down
Everything you need is
Right here, right now
Just surrender to the buzz
If you feel it
Let it go, forget it all just be it
Radiate, radiate, radiate
That feeling
Radiate, radiate, radiate
That feeling...
You want it
You need it
I got it
That feeling
Yeah

Bass

Three, two, one and
Gonnaa get down for the heavyweight blaster
B for Baxxter, I'm the rebel MC
Gonnaa get down for the heavyweight blaster
B for Baxxter and the chicks for free
Gonnaa get down for the heavyweight blaster
B for Baxxter, I'm the rebel MC
Gonnaa get down for the heavyweight blaster
B for Baxxter and the chicks for free
I'm getting wild
And I don't need the reason
I don't change
No matter what the season
So take a chance
Give it all you got
Got right here, right now
Just surrender to the buzz
If you feel it
Let it go, forget it all just be it
Radiate, radiate, radiate
That feeling
Radiate, radiate, radiate
That feeling...
You want it
You need it
I got it
That feeling
Yes

Shout it out loud

Three, two, one and
Gonna get down for the heavyweight blaster

B for Baxxter, I'm the rebel MC
Gonna get down for the heavyweight blaster
B for Baxxter and the chicks for free
Gonna get down for the heavyweight blaster
B for Baxxter, I'm the rebel MC
Gonna get down for the heavyweight blaster
B for Baxxter and the chicks for free

Yeaaahhh!

Radiate, radiate, radiate
That feeling
Radiate, radiate, radiate
That feeling...
