

The Revolution

Scooter

What's up, what's up, reminiscing, some times
MC's on a mission, check it out
What's up, what's up, Representing, the time
From now till then, and we are back again
Yeah, here we go Yes!
Come on! I'm damned I'm hot
And just can't stop
You can see my back
'cause I run like a shot
I'm damned I'm hot
And just can't stop
You can see my back
'cause I run like a shot

What's up What's up
Transmission, no regret
MC's on a mission, check it out
What's up, what's up
Exciting, the time
From now till then
And we're back again, yeah
Get down, yes!
C'mon I'm damned I'm hot
And just can't stop
You can see my back
'cause I run like a shot
I'm damned I'm hot
And just can't stop
You can see my back
'cause I run like a shot
