

Too Much Silence

Scooter

It's all in your sweat and your embrace
This wonderful thing I did
I turned and there's time to leave your faces
There's another day

Uh but the silence is too much
Uh but the silence is too much...

It's all in your sweat and your embrace
This wonderful thing I did
I turned and there's time to leave your faces
There's another day

Uh but the silence is too much
Uh but the silence is too much...
