

We Bring the Noise!

Scooter

Massive mental shouts to the crowd
This is the sound of the underground
Yeah!

Now
The time's right to take over
No trace of fear
I can see a swelter
Switch on the lights
Jam's hot on mic
We still rock the nation
That's our reputation

We bring the noise!
We bring the noise!
We bring the noise!

Once again
We got some radical rhythms
Up on the stage
There's no time to rest
You got to check out
Jam's hot on the mic
We still rock the nation
That's our reputation!

We bring the noise!
We bring the noise!
We bring the noise!
