

We Got the Sound

Scooter

I can go on like this forever,
We can go round and round and round.
It will be all of us together,
Cos we got the sound.

I can go on like this forever,
We can go round and round and round.
It will be all of us together,
Cos we got the sound, we got the sound.

Behave!

Ten!

Ten!

Ten, ten,
Twenty, twenty,
I got the poison,
I got the remedy.

Sixty, sixty,
Seventy, seventy,
I got the noise,
I got the energy.

Eighty, eighty,
Like Slim Shady,
Seventy, seventy,
Maybe.

Fifty, Fifty
Forty, Forty,
Thirty, Twenty,
Ten, zero!

We got the sound.

I can go on like this forever,
We can go round and round and round.
It will be all of us together,
Cos we got the sound.

I can go on like this forever,
We can go round and round and round.
It will be all of us together,
Cos we got the sound, we got the sound.

Who through the egg!

Ten, ten ten, ten again.

Ten, ten ten, ten again.

Ten, ten,
Twenty, twenty,
I got the poison,

I got the remedy.

Sixty, sixty,
Seventy, seventy,
I got the noise,
I got the energy.

Eighty, eighty,
Like Slim Shady,
Seventy, seventy,
Maybe.

Fifty, Fifty
Forty, Forty,
Thirty, Twenty,
Ten, zero!

We got the sound.

I can go on like this forever,
We can go round and round and round.
It will be all of us together,
Cos we got the sound, we got the sound
