

We Take You Higher

Scooter

Posse, make your choice
Come on, feel the noise
So jump jump a little higher
Jump jump a little higher
Keep it right now

Ravers, you like it rough
All of you can't get enough
So jump jump a little higher
Jump jump a little higher
Slowing it down

Breakbeat, that's the groove
Come on, make it move
So jump jump a little higher
Jump jump a little higher
Keep it right now

Posse, we spin you 'round
Hardcore, that's the sound
So jump jump a little higher
Jump jump a little higher
Slowing it down

WE TAKE YOU HIGHER!
