

All Night Long

Scorpions

Can't get enough of the girl that I love
She's hot like the fire which burns on the sun.
She turns me on and my mind's goin' round
Hot lovin' woman is back in town
Well just to make me feel alright
All night long, oh yeah
But just to make me feel alright
All night long
Can't get enough of the girl that I love
She's hot like the fire which burns on the sun.
She turns me on and my mind's goin' round
Hot lovin' woman is back in town
Oh yeah
Well just to make me feel alright
All night long, oh yeah
But just to make me feel alright
All night long
