

## Believe In Love

Scorpions

How does it feel babe  
to play sweet revenge  
do you want me on my knees  
How does it feel babe  
to let me feel your strength  
don't be cruel can't you see

If you don't catch me now  
I can't stop falling down  
Just one more night and the devil's got my soul  
I need your love babe don't leave me this way  
Oh I miss you I miss you  
Babe our love's got what it takes  
To give us one more chance to start once again  
Babe our love will find a way  
as long as we believe in love

How does it feel babe  
to kill our destiny  
I swear I'm not gonna crawl oh no  
How does it feel babe  
To make a fool out of me  
How can you be so cold, be so cold  
if you don't catch me now.....
