

Cause I Love You

Scorpions

My fingers walk all over you
I won't stop before you scream
Cause I love you
Cause I love you
I feel your body on my skin
You're the goddess of my dreams
Cause I love you
Cause I love you

You're the sting that's in my flesh
When I am feelin down and low
That's why I love you
That's why I love you
I make you scream I make you cry
With all my heart and soul
That's why I love you
That's why I love you

She's the one who is crying we're flying
She cries bitter tears when I'm blue
She's the one who is screaming I'm dreaming
Tonight I will reach
Out for you, out for you
Totally electric fire
When I hold you in my arms
Cause I love you

Cause I love you
The only true love of my life
You're the owner of my heart
Cause I love you
Yes I love you
She's the one who is crying we're flying
We fly on the way to the stars
She's the one who is screaming I'm dreaming
When I reach you with my guitar
My guitar, my guitar
