Take your hand and you take my hand Let's try to learn to fly Here what I say, here what I say Dream and close your eyes Too much hate Too much hate So many things are wrong So many ways, so many ways Flying through the sky forever into another time Yesterday so far away Many miles together Were looking for a way Day by day So far away All the world To do the same So we go together Will you show me the way Time has gone It has gone Far away, far away And today I'll see a way Follow me we love you Just listen, what I say Forget your name and yesterday Put out your hand I'll do the same Now were going to another land Will you show me the way Time has gone It has gone far away Far away
