Scorpions

Hey baby, listen up I'm not in love with you You keep runnin' off at the mouth And someone else can scratch my back And I could care less about your legs I just wanna see 'em walk all over me I'm runnin' out of patience And I ain't gonna say it twice The world out there is down'n dirty, honey And I just hate to be nice So don't think about movin' any closer, baby Just forget about it You body may be a weapon on legs But hey, I'm not fallin' for that Don't you get it, I'm not impressed at all I just wanna see you crawl all over me I'm runnin' out of patience And I ain't gonna say it twice The world out there is down'n dirty, honey And I just hate to be nice Don't you understand Don't you understand Tell me when your eyes say yes How can your lips say no A girl like you shouldn't be surprised It's just I hate to be nice I'm runnin' out of patience And I ain't gonna say it twice The world out there is down'n dirty, honey And I just hate to be nice
