

Here in My Heart

Scorpions

Sometimes there's a time you must say goodbye
Though it hurts you must learn to try
I know I've got to let you go
But I know anywhere you go
You'll never be far
'Cause like the light of a bright star
You'll keep shining in my life
You're gonna be right
Here in my heart
That's where you'll be
You'll be with me
Here in my heart
No distance can keep us apart
Long as you're here in my heart
Won't be any tears falling from these eyes
'Cause when love's true love never dies
It stays alive forever
Time can't take away what love we had
I will remember our time together
You might think our time is through
But I'll still have you
Here in my heart
That's where you'll be
You'll be with me
Here in my heart
No distance can keep us apart
Long as you're here in my heart
I know you'll be back again
And 'till then
My love is waiting
Here in my heart
That's where you'll be
You'll be with me
Here in my heart
No distance can keep us apart
Long as you're here in my heart
Here in my heart
That's where you'll be
You'll be with me
Here in my heart
No distance can keep us apart
Long as you're here in my heart
