Hold Me Tight

Scorpions

She's the one, that's what I thought When our love had just begun But times have changed And I's better go Because it's gonna be too late And all my love will turn to hate You've always known That music is my life And I live just for Rock'n Roll No one can make me change my mind 'cause I just want to live my life Alright don't want me to stay Alright have it your way Alright I'm leaving tonight Alright woman, I'll get out of your sight You're still the one But you've shown me How independent you've become Don't tell me you need, you need me To be your ever faithful strong lovin' man Don't tell me I'm wrong I gotta go my way And you'll see, where I belong You live your life and I live mine I bet, you will turn out fine Alright don't want me to stay Alright have it your way Alright I'm leaving tonight Alright woman, I'll get out of your sight Alright don't want me to stay Alright have it your way Alright I'm leaving tonight Alright woman, I'll get out of your sight Alright don't want me to stay Alright have it your way Alright I'm leaving tonight Alright woman, I'll get out of your sight
