

## I'm Goin' Mad

Scorpions

Walking through the desert  
You know what it's about  
It's really from the church  
Too foreign  
That was never there  
Yet you know I'm in heaven  
But it is a hell  
Sun is drying up my brain  
The smile and installations  
Are my pain  
I'm going mad  
I'm going mad  
I'm going mad  
Aaaayowwww!!!  
Walking through the desert  
You know what it's about  
It's really from the church  
Too foreign  
That was never there  
I'm goin' mad!  
Sun is drying out my brain  
The smile and installations  
Are my pain  
I'm goin' mad!  
I'm goin' mad!  
I'm goin' mad!  
mad!
