

## In Trance

Scorpions

I wake up in the morning  
and the sun begins to shine  
the day did sneak up on the night  
I see your face and I see myself  
and I get a little taste of life  
I try to stand it for a while

But I'm in a trance  
Hey baby tell me can't you hear me calling  
I'm in a trance  
I take too much in the Saturday night  
Hey... Hey  
Hey baby tell me can't you hear me calling  
I'm in a trance  
I wanna try to stop this life

I feel so sad I'm feeling down  
On the radio the music plays  
I'm in love with her and I feel fine  
I close my eyes  
I think today is getting better with a sip of wine  
and I can stand it for a while

When I'm in a trance  
Hey baby tell me can't you hear me calling  
I'm in a trance  
I take too much in the Saturday night  
Hey... Hey  
Hey baby tell me can't you hear me calling  
I'm in a trance  
I wanna try to stop this life

I'm in a trance  
Hey baby tell me can't you hear me calling  
I'm in a trance  
I take too much in the Saturday night  
Hey... Hey  
Hey baby tell me can't you hear me calling  
I'm in a trance  
I wanna try to stop this life
