

Kiss Of Borrowed Time

Scorpions

Leaves are falling from the tree
More than anything I want to be
Close to you back in your arms
I swear I'm still in love
Don't say a word just wait
As the bell will ring across the street we know
Those memories never go
Bm F (one upstroke)
Leaves are falling from the sky

Why don't we give it just another try
When the winter comes along
The shadows will be gone
The ice will melt away
'cause in front of the old fire, place is warm
Ooh, welcome home
Let me take you back again

To a love has got a name
For you and me
Another day another chance
Only love will kill the pain
That hurts so deep
Don't waste a moment of your life
'cause it's just a kiss of borrowed time

Let me take you back again
To a love has got a name
For you and me
Another day another chance
Only love will kill the pain
That hurts so deep
And we taste the wine
Just another sip of borrowed time
