

Tin Soldier

Scorpions

I'm a little tin soldier
that wants to jump into your fire
you are a look in your eye
a dream passing by in the sky

I don't understand
all I need is treat me like a man
'cause I ain't no child take me like I am

I got to know that I belong to you
do anything that you want to do
sing any song that you want me to sing to you

All I need is your whispered hello
smiles melting the snow nothing heard
your eyes are deeper than time
say a love that won't rhyme without words

so now I've lost my way
I need help to show me things to say
give me your love before mine fades away

I got to know that I belong to you
do anything that you want to do
sing any song that you want me to sing to you
oh no no no

I don't need no aggravation
I just got to make you my occupation

I got to know that I belong to you
do anything that you want to do
sing any song that you want me to sing to you

I got to know that I belong to you
do anything that you want to do
sing any song that you want me to sing to you

I don't need no aggravation
I just got to make you my occupation

I don't need no aggravation
