

# Where The River Flows

Scorpions

1. Under sub-urban sky,  
where life is bleeding.  
Where concrete skies are grey,  
there's plenty of room for dreaming.

2. I still keep coming here,  
follow those traces.  
I travel back in time,  
remember all those places.

3. It feels like I've never left,  
the house's still standing.  
Down by the river where,  
the dreams are neverending.

R: You find me, you find me  
you find me by the river.  
You find me, you find me,  
you find me where the river flows.

4. Under the silent moon,  
this industrial city.  
Is heartless even though,  
the life's been not that pretty.

5. I still keep coming here,  
to that old river.  
To find my roots just where  
the future lives forever.

R: You find me...

By the river, where dreams will never die.  
By the river, under sub-urban skies.

By the river, where dreams will never die.  
By the river, I look through children's eyes.

R: You find me... (3x)
