

# Well To The Bone

Scott Henderson

Hot coal  
Up to my knees  
White smoke  
Blindin' me  
Mesquite  
Where can I be  
I know  
Yeah well it's all right  
Take a little bite  
Don't pay no mind if I moan  
So just toss me on the BBQ  
You cookin' me well to the bone

Flame-eyed  
BBQ queen  
Perfume and  
Kerosine  
Red sauce  
What's coverin' me  
I know

Yeah well it's all right  
Screw the lid on tight  
You like it hot I shoulda known  
So just toss me on the BBQ  
You cookin' me well to the bone
