

Well To The Bone

Scott Henderson

Hot coal
Up to my knees
White smoke
Blindin' me
Mesquite
Where can I be
I know
Yeah well it's all right
Take a little bite
Don't pay no mind if I moan
So just toss me on the BBQ
You cookin' me well to the bone

Flame-eyed
BBQ queen
Perfume and
Kerosine
Red sauce
What's coverin' me
I know

Yeah well it's all right
Screw the lid on tight
You like it hot I shoulda known
So just toss me on the BBQ
You cookin' me well to the bone
