Scott Matthew

I've taken drugs , I've taken sides
The devil taught me alibis
Now you've seen all that I'll never be
It thrills me 'cause you're still not leaving

The money spent
the way I vent
Vices collect like ornaments
Now you've seen all that I'll never be
It thrills me 'cause you're still not leaving

Oh Please don't make me say it
It would only complicate it
And this perseverance helps to
Guide this grieving

I've taken drugs , I've taken sides
The devil himself taught me alibis
Now you've seen all that I'll never be
It kills me 'cause you're still not leaving
