

# Break Out

Scott Stapp

I wake up to the sound again,  
Of red lights flashing on my bed.  
Sirens blazing in my head,  
And I'm such a wreck  
Cause I'm running to the fire now,  
But there's so fire to put out  
My mind is turning upside down,  
Gotta turn around.

All these words are not enough

I'm gonna break out  
I'm gonna break free  
Not gonna think twice  
You'll never stop me  
Don't even try  
I'll knock you down  
I'm saying hello to a new dream  
I'm taking it back what's left of me  
Don't even try,  
You can't stop me now!

Is it always gonna be this way?  
Now that my scars have gone away.  
Don't open them back up today,  
I can't take the pain  
And the white noise calms me down at night.  
If I don't look into your eyes  
It's no fun when it's your life,  
Hanging on the line

All these words are not enough

I'm gonna break out  
I'm gonna break free  
Not gonna think twice  
You'll never stop me  
Don't even try  
I'll knock you down  
I'm saying hello to a new dream  
I'm taking it back what's left of me  
Don't even try  
You can't stop me now!

I gotta feeling where I used to be numb.  
I can feel it now rushing through my blood.  
I'm stronger than I ever thought I was,  
And now I found another way out of here.

All these words are not enough  
Now these words mean so much

I'm gonna break out  
I'm gonna break free  
Not gonna think twice  
You'll never stop me  
Don't even try

I'll knock you down

I'm saying hello to a new dream

I'm taking it back what's left of me

Don't even try,

You can't stop me now!

I'm gonna break out!
