

# Slow Suicide

Scott Stapp

I'm not evil  
No matter what you think of me  
I'm just human  
There's a part of you that's just like me

I have fallen  
I have broken every piece  
Heard heaven calling  
I could only reach this from my knees  
And now I believe

R: I can't let this life pass me by  
In a blink of an eye it ends  
I can't let my tomorrows decide  
What I am in this life  
It's like committing slow suicide

It's no secret  
I can't pretend, I can't forget  
What I've done  
Every day I live with the consequences  
I let it beat me, let it kick me, let it throw me to the floor  
Those days are over  
I'm moving forward  
It can't hurt me  
And now I believe

R:

So many days I chose to suffer, living a lie  
So many ways I chose to die  
Oh, had to feel less than nothing  
Shame and suffering  
To see with my own eyes  
I wasn't living  
I was committing  
Committing slow suicide  
Committing slow suicide

And now I believe

R:

Committing slow suicide  
Committing slow suicide
