

# Windows Of The World

Scott Walker

The windows of the world are covered with rain  
Where is the sunshine we once knew  
Everybody knows when little children play  
They need a sunny day to grow straight and tall  
Let the sunshine through

The windows of the world are covered with rain  
When will those black skies turn to blue  
Everybody knows when boys grow into men  
They start to wonder when their country will call  
Let the sunshine through

The windows of the world are covered with rain  
What is the whole world coming to  
Everybody knows when men can not be friends  
Their quarter loves an ends  
Some have to die, some have to die  
Let the sunshine through

The windows of the world are covered with rain  
There must be something we can do  
Everybody knows whenever rain appears  
It's really angel tears  
How long must they cry
